

# May I Offer A Healing Prayer For You?

My Name is:

My Phone Number is:

The TENRIKYO faith teaches that our bodies are borrowed from God. The bodies that God lends to us can have disorders, or be the source of pain. Only our minds can make us suffer.

Our human minds can get clouded with mental dust and can cause much suffering. The healing prayer, called *Sazuke*, that I administer, is a prayer asking God to sweep the dust from your mind so that your suffering might be relieved.

Since I will be specifically asking God's intervention for you, I will need to know your name, your age, the nature of your problem and when it started.

During the prayer, which takes about 3 minutes, please bring your hands together in prayer, if you can. You should keep your mind clear and be receptive to the cleansing and healing power of God.

We make no claims for miraculous physical healings, although there have been numerous persons, given up by doctors who were literally restored to health through *Sazuke*.

Our prayer is that you be relieved of suffering and find the path of the Joyous Life that is yours as one of God's children.

For maximum effectiveness, *Sazuke* should be administered three days in a row. With your permission, I will return tomorrow and the day after, to administer the prayer and continue the healing.
